MOHAMED KHALIL NAFATI

CYBERSECURITY STUDENT

khalilnaffati2004@gmail.com | +216 26270448 | www.khalilnafati.me | linkedin.com/in/MoKhalilNafati | github.com/MoKhalilNafati

SUMMARY

Cybersecurity student, specializing in web penetration testing. With practical experience identifying application vulnerabilities and analyzing traffic, I combine a rigorous analytical mind, proactive problem-solving, and strong adaptability to audit and secure web environments.

PROFESSIONAL EXPERIENCE

INTERN | ATTIJARI BANK TUNISIA **02/2026 – 05/2026**

Development of an intelligent platform for bank document control

- Development of an automated verification solution for foreign exchange drafts and financial statements.
- Implementation of an OCR system for the automatic extraction of data from bank documents.
- Development of an AI-based signature verification module.
- Design of a financial statement analysis and decision support pipeline.

PROJECTS

Design and development of a SIEM platform with Splunk

- Design and deploy anomaly detection scenarios on a Splunk SIEM platform, supported by optimized SPL queries, interactive dashboards, and synthetic log generation for validation.

Intelligent Agricultural Monitoring System

- Development of an IoT monitoring platform integrating Machine Learning to detect environmental anomalies and generate actionable agricultural recommendations.

SKILLS

Cybersecurity:
Splunk • Wireshark • Burp Suite • Kali Linux • NIST • OWASP Top 10 Web

Development:
Spring Boot • Django • FastAPI • React • JavaScript • C

Tools:
Git • Docker

EDUCATION

Master's Degree in Cybersecurity **09/2026 - 06/2028**

Higher Institute of Management of Tunis (ISG Tunis)
Cybersecurity • Network Security • Cryptography • Operating Systems Administration (Linux & AD) • Security Audit • Security Governance (GRC)

Bachelor's Degree in Business Information Systems **09/2023 - 06/2026**

Higher Institute of Management of Tunis (ISG Tunis)
Software Development • Databases • Artificial Intelligence • Networks • Software Engineering • Business Intelligence

ADDITIONAL INFORMATION

- **Certifications:** Google Professional Cybersecurity Certificate, Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate.
- **Languages**: English (C1), French (B2)
